

# QUIKVENT™ SAWS

## The Preferred Ventilation Saw of Fire and Rescue Personnel.

ECHO's QV-670 and QV-8000 QuikVent™ Ventilation saws are the preferred choice among fire and rescue personnel for quickly venting building structures. The patented droop nose feature eliminates the need to stand directly over the saw while cutting and it uses the saw's weight to more easily cut through angled roofs. The patented skid plate allows you to pivot the nose and carbide tip chain into a structure.

ECHO also offers a complete line of Cut-off Saws that are great for cutting concrete, cinder blocks and industrial building access.

### QUIKVENT™ ACCESSORIES

Part Number	Description
99988800045	QuikVent™ Carbide Tip Chain Loop (12')
99988800052	Max Performance™ Bar and Chain Oil
99988800141	QuikVent™ Bar (12')

QUIKVENT™ SAWS

ECHO Max Performance™ Bar and Chain Oil  
Specially formulated with detergents, dispersants and tacifiers that provide extra protection against heat and dirt build-up. Especially beneficial for hi-revving chain saws and rescue saws.

Part #99988800052 1 gal. bottle

## QV-670/QV-675

The 66.7 cc version is a top choice among fire/rescue personnel for ventilating building structures.

- Extra large, easy-grip starter handle
- External idle control adjustment
- Side access chain tensioner
- QV-675 includes steel carrying case, 1 gal. Max Performance™ bar and chain oil, and 1 gal. safety gas can

## QV-8000/QV-8050

Large 80.7cc engine makes it the preferred package among fire/rescue personnel for quickly ventilating building structures.

- ECHO's largest chain saw power head at 80.7 cc
- Superb power-to-weight ratio, lighter than most other saws in its class
- QV-8050 includes steel carrying case, 1 gal. Max Performance™ bar and chain oil, and 1 gal. safety gas can
